[To accompany S. 3494]

The Committee on the Public Lands, to whom was referred the bill (S. 3494) to amend an act entitled "An act to establish the Utah National Park in the State of Utah," having considered the same, reports thereon favorably without amendment and recommends it do pass.

The recommendations of the Interior Department are indicated by the report submitted by them, as follows:

DEPARTMENT OF THE INTERIOR,
Washington, December 10, 1924.

Hon. E. F. LADD,
*Chairman Committee on Public Lands and Surveys,
United States Senate.*

MY DEAR SENATOR LADD: Further reference is had to your letter of recent date requesting a report on S. 3494, Sixty-eighth Congress, second session, a bill to amend an act entitled "An act to establish the Utah National Park in the State of Utah."

This bill is designed merely to correct an error in the description of the lands included in the Utah National Park which occurred in the wording of the act creating the park, which was called to the attention of your committee in my report of January 26, 1924, on that bill, the words "southwest quarter" having been inadvertently used in the second paragraph, fifth line, instead of "southeast quarter." It is therefore respectfully recommended that the bill be given favorable consideration in order to correct and complete the record.

Very truly yours,

HUBERT WORK.
